Unity Gardens

Spooktacular
Friday, Oct 30th, 2026
5:00pm-8:00pm

Together, we have grown a uniquely dignified free food model- edible parks where everyone can connect safely to fresh food, nature, and one another. Community is what makes up Unity Gardens, without it we are nothing. By partnering with us, you will help cultivate community by throwing our annual Spooktacular event!

Spooktacular is an event that brings together hundreds of families to celebrate the season without cost or barriers. Kids of all ages can experience walking the haunted trail through Unity Gardens, a Halloween Carnival Game area, a Spooky Sensory experience in the Edgy Veggie and more. We would appreciate any way that you can help our community come closer together for a magical and mystical experience in the garden.
